

Harrison - Professional Coaches

WATCH VIDEO

Transform your client outcomes and build your coaching business with the world's most advanced **behavioural talent analytics.** Harrison Assessments Professional Coach platform equips you with a powerful **predictive lens** that builds a framework of **real self-understanding** and personal growth.

Transform your Coaching

The Harrison Assessment Professional Coach System provides a unique lens to **measure behavioural change through coaching.** The assessment is efficient and cost effective, taking **only 20 minutes** to complete while measuring **175 behavioural tendencies,** interests, and preferences.

- Harrison provides you with a language to describe **observable and measurable** behaviours for coaching interventions.
- The Harrison behavioural matrix explores behavioural connections and focuses your coaching on the **areas of greatest growth.**
- Enjoyment Performance Theory targets what your clients **will actually do** as opposed to what they could potentially do.
- Paradox Theory provides meaningful insight into how often and how deeply **stress affects your client.**

The Harrison suite of reports gives you **multiple views** of your client's behavioural data and allows you to **customize your coaching data** to your individual requirements.
